

## **Clean Seed Capital Group Premieres “The Seed of an Idea - Grows the Next Generation”**

December 9, 2020 - Vancouver, British Columbia - Clean Seed Capital Group Ltd. (TSX-V: CSX) (“Clean Seed” or the “Company”) is pleased to announce the official premiere of “*The Seed of an Idea - Grows the Next Generation*”. This short film gives the viewer a glimpse into the core of who we are, where we are going with the SMART Seeder MAX-S™ technology and the people that use them. Our convictions run deep and our commitment to implementing our technologies on a global scale remain unwavering.

In 2013 Clean Seed unveiled the early concepts behind its revolutionary approach to seeding and planting at Canada’s Farm Progress show and was awarded the people’s choice award. Clean Seed set a new benchmark that altered the course of history for an industry that was confined to the historical norms. Clean Seed has designed, developed, tested and patented its game changing approach to seeding and planting that is poised to transform the sector.

Further to our press release on November 25, 2020, we also wish to highlight the initial virtual launch of the SMART Seeder MAX-S™ technology at the Virtual Precision Agriculture Conference in November 2020 entitled “*SMART Seeder MAX-S™ - The SMARTEST Seeder on Earth™*”. The virtual launch provides our perspective on the game changing agronomic and operational features of the SMART Seeder MAX-S™.
