Clean Seed Capital Group Commences 2013 Sales Program at The Pacific Agriculture Show

January 21, 2013 – Vancouver, British Columbia – Clean Seed Capital Group (“Clean Seed” or the “Company”) (TSX-V: CSX) is pleased to announce that it will be exhibiting at the 15th Annual Pacific Agriculture Show, held at the Tradex Exhibition Center (Abbotsford Airport) Abbotsford, BC, January 24-26, 2013.

The company will be introducing the “**DART**”, its new smallholder no-till seeder designed for small to medium farming operations. The Dart features the company’s patented in-ground opener and a simplified ground driven adaptation to its electronic cushion drive precision metering system. These unique features provide farmers consistent and congruent seed and fertilizer placement with exceptionally low soil disturbance as verified by the University of British Columbia. (See News Release date 5/03/2012)

The show will feature some of the latest and most innovative equipment and technology for the agriculture industry. Join thousands of farmers and agri-food producers in comparing over 250 dealers and manufacturers.

About Clean Seed Capital Group

Clean Seed has developed an advanced no-till precision planting system comprised of individually patented technologies. These technologies include all-cast opener assembly systems, in-ground openers, proprietary seed and fertilizer metering and electronic control systems that combat soil erosion, reduce seed and fertilizer use and nurture the subsurface biodiversity vital to producing healthy and sustainable crops.

For further information, please visit us at **Booth #543** at the Pacific Agriculture Show or contact Mark Tommasi or Ward Jensen at 604-566-9895.
