

## **Clean Seed to Launch SMART Seeder MAX in USA and Files Application to Trade on OTCQB Venture Market**

June 8, 2021 - Vancouver, British Columbia - Clean Seed Capital Group Ltd. (“**Clean Seed**” or the “**Company**”) (TSX-V: CSX) is pleased to announce that it has applied to OTC Markets Group Inc. to have its common shares traded on the OTCQB Venture Market. Concurrently the Company will be submitting its related applications to DTC and to FINRA.

Graeme Lempriere, Chief Executive Officer, states “As we prepare to execute on our 2021 launch strategy for the U.S. by showcasing our technology at two of the largest agricultural trade shows in the U.S., **FARM PROGRESS SHOW** in Decatur, IL from August 31 - September 2, and **BIG IRON FARM SHOW** in Fargo, ND from September 13 - 16, we feel it is also time to help represent our current U.S. shareholder base by seeking to have our company’s common shares tradable on the OTCQB Venture Market. This will assure better visibility and liquidity within the U.S. investment community. In addition to the farm technology and equipment shows, Clean Seed will also be engaging with U.S. producers and dealers with winter canola and winter wheat seeding demonstrations under the “Meet MAX™ Field Viewing Program” scheduled for **Montana, North Dakota** and **Nevada**.

The OTCQB market is a premiere marketplace for early-stage and developing U.S. and international companies that are committed to providing a high-quality trading and information experience for U.S. investors. Investors can find real-time quotes and market information for OTCQB quoted companies on the OTC Markets website.

As a Company with its common shares listed on the TSX Venture Exchange we believe we are well positioned for our applications to be approved and that we meet all the eligibility and reporting requirements for the OTCQB Venture Market.

### About Clean Seed Capital Group Ltd.

The common shares of Clean Seed Capital Group Ltd. are listed on the TSX Venture Exchange and trade under the symbol "CSX".

We are a team of innovators and business management professionals with a proven track record of game changing innovation and production of patented agricultural technologies at an incredibly high level. We pride ourselves as progress facilitators that turn solutions for modern agricultural problem into commercially viable products to fulfill new demand.

Clean Seed’s SMART Seeder MAX™ technologies are revolutionary seeding tools that utilize the unique synergy of sophisticated electronic metering and intuitive software control putting row-by-row variable rate technology at the forefront of agricultural innovation. Our innovations create a new class of highly accurate seeding equipment designed specifically for today’s farmer.
